CALIFORNIA LEGISLATURE—2009–10 REGULAR SESSION

ASSEMBLY BILL

No. 730

Introduced by Assembly Member De La Torre

February 26, 2009

An act to amend Section 10400 of the Insurance Code, relating to health insurance.

LEGISLATIVE COUNSEL'S DIGEST

AB 730, as amended, De La Torre. Health insurance: unlawful postclaims underwriting: penalties.

Existing law provides for the regulation of health insurers by the Department of Insurance. Existing law prohibits a health insurer from engaging in the practice of postclaims underwriting, which is defined to mean the rescinding, canceling, or limiting of a health insurance policy or certificate due to the insurer's failure to complete medical underwriting and resolve all reasonable questions arising from written information submitted on or with an insurance application. Existing law provides that any person willfully violating various provisions governing disability insurance policies, including health insurance policies, or orders of the commissioner in that regard, shall forfeit to the state a sum not to exceed \$118 for each violation. *Existing law requires these sums to be paid to the Insurance Commissioner and transmitted to the State Treasury for deposit in the General Fund.*

This bill would provide that a health insurer that unlawfully engages in the postclaims underwriting of a health insurance policy shall be

liable to the state for a civil penalty to be fixed by the commissioner in an amount not to exceed \$5,000, except that if the insurer knew, or had reason to know, that the act of postclaims underwriting was unlawful, the civil penalty shall be fixed by the commissioner in an amount not to exceed \$10,000 for each act or violation. *The bill would require these penalties to be deposited in the Major Risk Medical Insurance Fund, to be used, upon appropriation by the Legislature, for the Major Risk Medical Insurance Program.* The bill would make other related changes.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.
